THE ARTISTIC SUSTAINABLE ALPHABET

From 19th to 23rd November we will participate in the EWWR designing and creating an artistic alphabet of sustainability all together.

Each country will prepare on an A4 size surface, some artistic letters with a deep message beginning with that letter about our planet Earth and sustainability.

LETTERS:

FINLAND: A - G - M - S - Y

THE NETHERLANDS: B - H - N - T - Z

FRANCE: C - I - O - U

CATALONIA: D - J - P - V

ITALY: E - K - Q - W

GREECE: F - L - R - X

Once we have the letter and the message we will take a picture of each one of them and upload it on "materials, images, Art alphabet".

Here is an example:
